- If you are required to travel beyond the nearest health facility, then medical justification will be required. Include documentation from your health care provider with your reimbursement form that explains why you were required to travel beyond the nearest health facility. Note: NIHB does not accept 'long wait-lists to see a specialist' as sufficient medical justification for travel beyond the nearest health facility.
- Ensure you have signed and completed all necessary sections, and included all necessary documents, or your claim will be returned.
- Original receipts are required.
- You must sign up for Electronic Funds Transfer (EFT) to receive your claim. Even if you have already provided the essential banking information to Health Canada, you will still need to sign up for EFT with Qalipu. Please complete the Electronic Funds Transfer Form (see link below) and mail it to the address above. Alternatively, you can email your EFT form to nihb@qalipu.ca
- You have one year from the date the service(s) was provided to apply for reimbursement

- If you have applied for status for children over the age of 12 months, you have not yet received their card, and you and/or your spouse are registered members, please contact 1-844-207-9718 to discuss eligibility for the NIHB Medical Transportation benefit.
