

Not all break rooms are equal.

Journeyman Industrial Electricians

Marine Atlantic is a Federal Crown Corporation that provides a vital ferry service link between Newfoundland and Labrador and mainland Canada.

We are dedicated to creating an environment which promotes employee growth, career development, and job satisfaction. Some benefits of working with Marine Atlantic include competitive salaries, defined benefit pension plan, comprehensive health benefit packages, and professional development opportunities. Come experience the pride of working with an organization with newly constructed and revitalized infrastructure that has positioned itself for the future.

We are currently accepting applications for **Journeyman Industrial Electricians** to work onboard our vessels that operate from the ports of Port aux Basques NL and North Sydney NS year round; and Argentia NL during the summer season. These are permanent full-time positions that are scheduled across our fleet and each tour.

Reporting to the Chief Electrical Engineer, this position performs preventive and corrective maintenance on our vessels relative to electrical and electronic equipment and control systems.

The main responsibility for this position is for all electrical maintenance to be performed in a safe and timely basis pertaining to all departments. This position must have a good understanding of the vessel's electrical machinery, systems, and test equipment and provide advice when performing difficult tasks.

Education / Certification
