

Marathon Gold Corporation (“Marathon” or the “Company”) is engaged in the exploration and development of the Valentine Gold Project (the “Project”) located in the central region of Newfoundland and Labrador. The Project is currently undergoing construction and expects its first gold production in the first quarter of 2025. Once in production, it will be the largest gold mine in Atlantic Canada and a major employer in the province. Marathon is a publicly traded corporation (TSX:MOZ) headquartered in Toronto, Ontario with a regional office located in Grand Falls-Windsor, NL.

Additional corporate and Project information is available at www.marathon-gold.com

Marathon is currently inviting applications for an Assayer Technician to join our growing team as the company transitions to mine construction and ultimately mine operations.

Assayer Technician

Reporting to the Chief Assayer, the Assayer Technician will be responsible for ensuring a clean and organized receiving and sample preparation area, along with ensuring maintenance and cleanliness of equipment.

The Assayer Technician will be responsible for sorting and recording samples to ensure they correlate with the receiving manifest. Drying, crushing, riffing, and pulverizing will be important aspects of this position.

This position is located at the Project site, working a 14 days in/14 days out rotation, with extended hours as required due to periods of peak workloads.

Accountabilities/Responsibilities:

- Support and assist in promoting a health and safety culture.
- Capable of following provided procedures to efficiently achieve project production and quality objectives.
- Receiving, preparation and management of the receiving and preparation area.
- Submit samples to the Leachwell Lab, Fire Lab or Chemistry lab as per analysis requisition. Assist in these labs as time permits.
- Maintain a clean receiving and preparation area.
- Report equipment damage or failures, hazard or required maintenance to the lab supervisor. Maintain an organized sample storage area and assist with weighing, analysis or cleanup as time permits.
- Other duties as required.

Education and Accreditation

- High School diploma or equivalent.
- Must have the ability to do repetitive lifts and turns for several hours per day handling a 14 Kg – 31 lb pulverizer bowl.

- Mining experience, preferably in a remote industrial environment.
- Experience using lab jaw crusher and Ring and puck or disc mills an asset.
- Mechanically inclined an asset.

Preferred

- Previous experience in a mining or commercial laboratory an asset.

Skills and Knowledge:

- Excellent attention to detail.
- Ability to follow direction (written and oral).
- Ability/willingness to learn new skills and concepts.
- Ability/willingness to work safely with hazardous chemicals and procedures.
- Safety conscious and able to perform tasks and responsibilities in a safe manner while adhering to Marathon Gold NL policies and procedures.
- Ability to interpret data.
- Knowledge of Laboratory Information Management Systems and other word-processing, spreadsheet, and scientific software applications.
- Strong ability to troubleshoot basic problems.
- Basic computer skills with word and excel.
- Knowledge of health, safety, and environmental requirements at remote sites.
- Knowledge of the OHS, mining, and construction regulations.
- Ability to influence and inspire others and manage cross-functional relationships.
- A valid driver license and a driver's abstract.

Marathon is an equal opportunity employer committed to local hiring preferences and all applications will be considered on this basis. We value equity and diversity and are committed to creating an inclusive workplace environment for all employees. Marathon reserves the right to hire only those candidates who are appropriately qualified for the position advertised.

Marathon will review all applications; however, we will only contact those candidates who best fit the requirements.
