

Calibre Mining Corporation is engaged in the exploration and development of the Valentine Gold Mine located in the central region of Newfoundland and Labrador. Once in production, it will be the largest gold mine in Atlantic Canada and a major employer in the province. Calibre is a public corporation (TSX:CXB) headquartered in Vancouver, British Columbia with a regional office located in Grand Falls-Windsor, NL.

Additional corporate and Project information is available at [www.calibremining.com](http://www.calibremining.com)

Calibre is currently inviting applications for a **Geology Student** to join our growing team as the company transitions from mine construction to mine operations.

## **Geology Student**

Reporting to the Exploration Supervisor, the Geology Student will be a part of a number of active field programs, including geological and geotechnical core logging, prospecting, till sampling, trenching. They will be responsible for sample collection and ensuring adherence to the company's quality assurance and quality control (QA/QC) program.

This position is located at the Project site, working on a 2 week in/2 week out rotation.

### Accountabilities/Responsibilities:

- Participating in field work collecting, analyzing, and documenting rock grab, channel and till samples.
- Assisting with geological drill core logging and sampling.
- Conducting geotechnical drill core logging.
- Directing drill and labour crew as needed.
- Surveying proposed drill targets, final drill hole locations, trench outlines and sample locations.
- Geological mapping.
- Data compilation and interpretation.
- Performing housekeeping duties as required.
- Actively participating in daily toolbox talks.
- Other duties as assigned.

### Education and Experience:

- Currently enrolled in, or previously completed, a Bachelor of Science degree program in Earth Sciences.
- Experience in a remote construction or operational setting with shift/rotations is an asset.
- Experience in a Mining or similar industrial setting is considered an asset.

### Skills and Knowledge:

- Team-oriented but individually driven to produce results.

- Competent with Microsoft Office and data management software.
- Good navigation skills.
- Mechanical aptitude in maintaining field equipment is an asset.
- The ability to manage heavy physical work, which is defined as maximal lifting, carrying, pushing, or pulling up to 55lbs.
- Valid driver's license and a driver's abstract..

Calibre is an equal opportunity employer committed to local hiring preferences and all applications will be considered on this basis. We value equity and diversity and are committed to creating an inclusive workplace environment for all employees. Calibre reserves the right to hire only those candidates who are appropriately qualified for the position advertised.

Calibre will review all applications; however, we will only contact those candidates who best fit the requirements.
