Chief Electrical Engineer (Journeyman Electrician)

As part of the Marine Atlantic team, you will participate in a variety of ongoing training programs and development opportunities to navigate your career and chart your course for success. We provide a positive and inclusive work culture that is dedicated to creating an environment which promotes employee growth, career development, and job satisfaction. Some benefits of working with Marine Atlantic include competitive salaries, defined benefit pension plan, comprehensive health benefit packages, and professional development opportunities. Come experience the pride of working with an organization with newly constructed and revitalized infrastructure that has positioned itself for the future.

Marine Atlantic is currently looking for a **Chief Electrical Engineer (Journeyman Electrician)** to work onboard our vessels that operate from the ports of Port aux Basques NL and North Sydney NS year-round; and Argentia NL during the summer season. This position is permanent spare and relief and shifts are scheduled across our fleet and each tour based on operational requirements.

Reporting directly to the Chief Engineer and functionally to the Master, the Chief Electrical Engineer is responsible for all activities performed on board relative to electrical and electronic equipment and control systems. This position plays a key role in maintenance planning for operations, refit/dockside maintenance, capital projects, electrical enhancement, annual budgets and the five-year plan.

This Chief Electrical Engineer is a critical leadership role onboard our vessels. This position is responsible for the supervision of all Electrical Engineers, making it a key role in leading, managing and developing the team, while reinforcing Marine Atlantic's Values and ensuring that the provisions of the collective agreement are followed.

Additional Key Areas of Responsibility

- Work diligently to promote a physically and psychologically safe working environment, that is diverse, accessible, inclusive and equitable.
- Responsible for all Electrical and Electronic equipment and Control systems.
- Supervise all Electrical Engineers and assign work activities as required.
- Ensure all work is conducted in a safe manner following all established safety procedures.

- Ensure that all electrical and electronic equipment on the vessel is fully operational and safe to use by Marine Atlantic Departments and outside Contractors.
- Ensure all work permits are issued and complete.
- Create a work list for the Electricians and assign the Planned Maintenance cards (CMMS) for their shift.
- Meet with the Chief Engineer about outstanding work to be completed.
- Remain in the Engine Control Room for arrival and departures from Port and for any manoeuvring of the ship.
- Prepare list of items for refit maintenance.
- Ensure that electrical supplies are requested in a timely manner providing Supply Chain with complete specifications and following Marine Atlantic procurement policies.
- Ensure electrical supplies are received and available as required.

What qualifications do I need to be considered for this opportunity?

Certification

- Interprovincial Red Seal Electrician Certification

OR

- A combination of equivalent education, job-related training, and work experience in a related position.

- Marine Advanced First Aid Certificate

- Transport Canada Marine Medical

Marine Atlantic's Tour Pattern

There is a monthly tour pattern for regularly assigned positions of 15 days on and 15 days off, normally commencing the 1st and 15th of each month. As a new spare and relief employee, you will be called for work in accordance with operational requirements; therefore, you may be required to work in intervals throughout both tours (i.e. one month) in order to obtain 15 days of work. Please note, you may be called to work fewer than or in excess of 15 days per month should it be operationally required.

The Marine Atlantic Team

Our employees embody our core values; they are diverse, safety-oriented team players who exhibit integrity and commitment, and always strive for excellence. Their understanding and commitment to our values make our employees an invaluable part of our organization.

How do you become part of the team?

If you meet the listed qualifications, are interested in this opportunity and exemplify our core values, please apply online.
