

This moment brought to you by
MARINE ATLANTIC

At Marine Atlantic, we need people like you to create moments like this.

Occupational Hygienist

At Marine Atlantic, we do so much more than get people from point A to point B. Whether it's reunions, long-awaited trips home, or the start of a new adventure, we bring people together. We couldn't bring people together every day without our own dedicated employees. Our employees embody our core values; they are a diverse, safety oriented team-players who exhibit integrity and commitment, and always strive for excellence. Their understanding and commitment to our values make our employees an invaluable part of our organization.

Marine Atlantic is currently looking for an **Occupational Hygienist** to work with our Health, Safety and Environment department. The successful candidate may choose to work from Port aux Basques, NL or North Sydney, NS locations.

The Health Safety and Environment (HSE) department is responsible for the development and promotion of health, safety and environmental protection programs throughout the company, both on vessels and at our shore facilities. The department renders high-level advice, guidance and information concerning health, safety, and environmental protection issues to managers, supervisors, safety committees and employees.

The role of the Occupational Hygienist (OH) is to evaluate and monitor health and safety hazards and develop strategies to control risks in the workplace. The OH provides services to the corporation and its traveling public through health education and health protection, including enforcement of applicable legislations.
