

Industrial Maintenance Mechanic

Labrador City, NL

Who are we?

The Cahill Group is one of the largest multi-disciplinary construction companies in Canada. Cahill is building the future of oil and gas, mining, hydro, and social infrastructure on some of the largest construction and fabrication project sites in the country.

People really are at the heart of everything we do. So, we will always put the health, well-being, and safety of our people above all. We take care of our people, through investment, training, competitive compensation, health plan benefits, and unique programs to support the health and well-being of you and your family.

Cahill is currently recruiting for an **Industrial Maintenance Mechanic** to support our ongoing operations in Labrador. This position will be based out of Voisey's Bay.

What will you do?

- Keep detailed and accurate maintenance reports and documentation
- Clean, lubricate, and perform other routine maintenance work on diesel generators
- Work outside in all weather conditions
- Troubleshoot diesel generators and routine maintenance
- Maintain inventory of all site consumables and area parts
- Work with site team on deliveries

What will you bring?

- Journeyman certification
- Experience with large diesel generators and rotating equipment
- Experience in an industrial site
- Valid Fall Arrest certification
- Valid Aerial Work Platform certification
- Electrical experience is considered an asset
- Experience with high voltage electrical distribution is considered an asset
- Strong safety culture

If you are interested in joining our growing team, please apply in confidence. Cahill is an equal opportunity organization. While we thank all applicants for their interest, only those under consideration will be contacted
