

Calibre Mining Corporation is engaged in the exploration and development of the Valentine Gold Mine located in the central region of Newfoundland and Labrador. Once in production, it will be the largest gold mine in Atlantic Canada and a major employer in the province. Calibre is a public corporation (TSX:CXB) headquartered in Vancouver, British Columbia with a regional office located in Grand Falls-Windsor, NL.

Additional corporate and Project information is available at [www.calibremining.com](http://www.calibremining.com)

Calibre is currently inviting applications for a **Metallurgical Technician** to join our growing team as the company transitions from mine construction to mine operations.

## **Metallurgical Technician**

Reporting to the Metallurgist, the Metallurgical Technician will support the process plant metallurgical team in day-to-day operations.

This position is located at the Project site, working on a 14 days in/14 days out rotation.

### **Accountabilities/Responsibilities:**

- Support and assist in promoting a health and safety culture.
- Interpret and follow Standard Operating Procedures to efficiently achieve metallurgical performance and quality objectives.
- Perform routine sampling, metallurgical lab test work, and data entry/analysis.
- Lab tests include, but are not limited to, cyanide leach tests, carbon quality control testing, core density tests, plant sampling, solution analysis, sample preparation, particle size analysis, and plant inventory sampling.
- Perform other duties as assigned.

### **Education and Experience:**

- Completion of a Metallurgical Technician program is required.
- Two (2) years' experience in a metallurgical laboratory or process plant preferred.

### **Skills and Knowledge:**

- Proven safety record and ability to support work group in attainment of safety, environmental, equipment protection, and production goals.
- Knowledge of health, safety, and environmental requirements at remote sites.
- Knowledge of the OHS, mining, and construction regulations.
- Strong oral and written communication skills.
- Ability to read and interpret work orders.

- Ability to work in a team orientated environment.
- Ability to lift and carry up to 50 pounds at knee height.
- Strong computer skills in Microsoft Excel and Word.
- Proficiency with Lab Information Management System (LIMS) preferred
- A valid driver license and a driver's abstract.

Calibre is an equal opportunity employer committed to local hiring preferences and all applications will be considered on this basis. We value equity and diversity and are committed to creating an inclusive workplace environment for all employees. Calibre reserves the right to hire only those candidates who are appropriately qualified for the position advertised.

Calibre will review all applications; however, we will only contact those candidates who best fit the requirements.
