

Calibre Mining Corporation is engaged in the exploration and development of the Valentine Gold Mine located in the central region of Newfoundland and Labrador. Once in production, it will be the largest gold mine in Atlantic Canada and a major employer in the province. Calibre is a public corporation (TSX:CXB) headquartered in Vancouver, British Columbia with a regional office located in Grand Falls-Windsor, NL.

Additional corporate and Project information is available at [www.calibremining.com](http://www.calibremining.com)

Calibre is currently inviting applications for a **Millwright** to join our growing team as the company transitions from mine construction to mine operations.

**Please note: if you applied on the previously posted competition titled Millwright (Job Requisition ID 1126), you do not need to apply on this competition. Your previous application will be considered for this role.**

## **Millwright**

Reporting to the Process Plant Maintenance Supervisor, the Millwright is responsible for the installation and maintenance of various pieces of equipment and tools. In addition, this role is responsible for reviewing and understanding diagrams and service manuals to determine how to properly install, repair, or disassemble specific equipment and tools.

This position is located at the Project site, working on a 14 days in/14 days out rotation.

### **Accountabilities/Responsibilities:**

- Demonstrates leadership in Health, Safety, and Environment through personal behaviors and conversations.
- Establish and promote a respectful and healthy work environment at all times.
- Be a courageous health, safety, and environment leader, adhere to and promote health, safety and environmental standards, policies, and procedures.
- Promote a proactive approach of continuous improvement by reporting all Health, Safety, and Environment incidents and communicating solutions.
- Participate in Health, Safety, and Environment initiatives.
- Perform preventive checks according to maintenance plans on equipment including process plants, crushers, pumps, conveyors, diesel motors, and other fixed plant equipment for proper performance and inspect equipment to detect faults and malfunctions.
- Complete breakdown, corrective, and minor reports.
- Maintain maintenance systems in the surface plant.
- Inspect, examine, and test parts in order to recommend the extent and nature of the work to be done.
- Test and adjust repaired systems for proper performance and to ensure that work meets manufacturer's specifications and the functional needs of the operation.
- Adjust, repair, or replace defective parts and components of the equipment systems.
- Clean, lubricate, and perform other routine maintenance work on equipment.

- Conduct final inspections to ensure that work detailed on work order has been completed to meet safety standards.
- Provide feedback improvement suggestions to the supervisor and planner and implement those that are within your ability.
- Improve equipment availability and efficiency through quality maintenance and failure analysis.
- Adhere to all company policies and procedures.
- Perform other duties as assigned.

### **Education and Experience:**

- Journeyperson Industrial Millwright Red Seal certification is required.
- Minimum of 5 years Journeyperson experience in a mining or heavy industrial environment is required.
- Experience working in a remote industrial environment would be an asset.

### **Skills and Knowledge:**

- Knowledge of health, safety, and environmental requirements at remote sites.
- Relevant qualifications in appropriate area of expertise.
- Ability to mentor, coach, and train apprentices.
- Strong knowledge of the OHS, mining, and construction regulations.
- Knowledge of the repair and maintenance of fixed plant equipment.
- Ability to read diagrams and/or instructions.
- Flexibility regarding work activities and type of work requirements.
- The ability to work in a multi-discipline, multi-tasking, team environment.
- Strong analytical and problem-solving skills.
- Strong computer skills with competence using Microsoft Office products.
- Ability to influence and inspire others and manage cross-functional relationships.
- A valid driver's license and driver's abstract required.

Calibre Valentine Gold Mine is an equal opportunity employer committed to local hiring preferences and all applications will be considered on this basis. We value equity and diversity and are committed to creating an inclusive workplace environment for all employees. We reserve the right to hire only those candidates who are appropriately qualified for the position advertised.

Calibre will review all applications; however, we will only contact those candidates who best fit the requirements.
