

NetBenefit is an equal opportunity employer. We are committed to building a team that represents a variety of backgrounds, perspectives, and skills. We encourage all eligible individuals to apply!

Note that this position relies on an employment program, and the candidate must be a graduating student or have graduated from MUN, CAN or Keyin College in the last 24 months.

NetBenefit Software provides solutions that allow organizations to track, manage, and improve the positive impact that their operations have on communities and the world. NetBenefit is a fast-moving tech company with strong corporate values of fairness, trust, and transparency. As a company, we do the right thing when nobody is watching, we embrace challenges, and we focus on results.

This position is intended for someone who is motivated, a fast learner, and looking to launch their career. The selected applicant will be supporting the sales and marketing functions and be reporting directly to the Client Partner. We are looking for a candidate in the St. John's area.
