MARINE ATLANTIC

At Marine Atlantic, we need people like you to create moments like this.

Marine Superintendent

At Marine Atlantic, we do so much more than get people from point A to point B. Whether it's reunions, long-awaited trips home, or the start of a new adventure, we bring people together. We couldn't bring people together every day without our own dedicated employees. Our employees embody our core values; they are safety oriented team-players who exhibit integrity and commitment, and always strive for excellence. Their understanding and commitment to our values make our employees an invaluable part of our organization.

Marine Atlantic is dedicated to creating an environment which promotes employee growth and career satisfaction. Some benefits of working with Marine Atlantic include competitive salaries, defined benefit pension plan, comprehensive benefit packages, and professional development opportunities.

We are currently looking for a **Marine Superintendent** to work in our North Sydney, NS location.

The Marine Superintendent, working under the direction of the Director of Fleet Operations, provides functional support to vessel Masters and Chief Officers. Having a strong understanding of ISM, the Marine Superintendent may be required to act as the Designated Person Ashore as laid out in the International Safety Management Code. The incumbent will work with vessel Masters to ensure that operations are carried out in accordance with Company policy, government regulations, prescribed budgets, and shipboard management concepts. The Marine Superintendent functions as senior consultant²⁰¹³ to shipboard management personnel providing the quality management advice necessary to solve key problems and operate efficiently and effectively.

Key Areas of Responsibility Include:

- Work to develop and reinforce a safety culture on all Marine Atlantic vessels as well as other divisions of the Operations Department.
- Play a role in planning and developing refit specifications and scheduled dockside maintenance programs.
- Required to be on call 24 hours a day and act as a resource to Masters during emergency situations.
- Review shipboard meeting reports; liaise with the vessel team on actions and closure.
- Participate and support in effective planning of vessel inspections, new equipment procedures and repairs.
- Review Master end of shift report and notes for any Operations related matters and ensure close dialogue with different departments on follow up actions and closure.
- Support and provide input to the Company Emergency Response Team during maritime emergencies.
- Be prepared to lead, coordinate, or participate in inspections; audits; incident investigation; as required.
- Keep updated on new and retroactive laws and regulations affecting marine operations and keep abreast with best industry practices.

REQUIREMENTS

Essential Qualifications

- Must have sailed in a Senior Officer role for a minimum of 5 years
- Must have a strong understanding of ISM
- Must have a strong understanding of Canadian Flag requirements and regulations, classification society rules and regulations and the Delegated Statutory Inspection Program
- Must have strong communication skills, both written and oral
- Must be Customer Service Oriented
- Must be comfortable using Microsoft Applications such as Outlook, Word, Excel, Power point, and Project

Assets

- Masters and shore experience
- Experience working with an Integrated Management System
- Experience working with passenger vessels
- Experience in dry-docking and vessel inspections

Education:

Must hold, as a minimum, a Master Near Coastal Certificate or equivalent. A Master Mariner Certificate would be an asset.

How to apply:

If you have the ambition to make a difference and you meet the above requirements, please apply on line before **4 pm (Atlantic Time) on 12 May 2017**.

All applicants must apply on:
