---

## *Facilitated by:*

Dr. Jason Hickey has been working with the Atlantic IMN since 2018 and is a non-Indigenous nursing prof at UNB. His research focuses mainly on community-driven program evaluation and land-based healing. Jason is from NL but lives with his wife and two daughters in Fredericton.

Dr. Debbie Martin is the NPI of the Atlantic-IMN and an Inuk Associate Professor at Dalhousie University. Her research interests focus on building capacity for Indigenous-led health research. Debbie currently resides in the Halifax region with her husband, two kids and two dogs.
