

Proposals from local service groups ended January 31, 2022 for Qalipu First Nation (QFN) Food & Essential Supplies Relief Fund (FESRF). The fund of \$135,000 granted through Indigenous Services Canada is to provide a mechanism for grassroots Indigenous organizations and local service groups who are on the ground in their communities to support QFN Members by aiding in local needs of priority food security and following essential cleaning and preventative protection supplies.

While QFN understands that the reach of needs to all members are limited, your local service group will redirect you to another local service group if their resources have already been depleted. For members living outside of 'nearest wards' there are three (3) local service groups providing province wide support.

Kikmanaq Indigenous Cultural Revival Association	Province Wide	Jordan Pottle kikmanaq@gmail.com	Support for 100 home/family/individual at a value of \$100.00, who living in the province
Newfoundland Aboriginal Women's Network	Province Wide	Nona Matthews-Gosse (709) 643-1290 nawn@nf.aibn.com	Support for 50 home/family/individual at a value of \$100.00, who living in the province
Qalipu Cultural Foundation	Province Wide	Jeff Young (709) 721-2620 qalipuculturalfoundation@gmail.com	Support for 237 home/family/individual at

Based on the success and demand of FESRF, Qalipu First Nation will be reaching out to our funders to request additional food security program funding for our communities and members who did not receive the support in this first round. An Additional thank you from Qalipu Chief and Council, to all of the local service groups who are providing services to our members.
