

Calibre Mining Corporation is engaged in the exploration and development of the Valentine Gold Mine located in the central region of Newfoundland and Labrador. Once in production, it will be the largest gold mine in Atlantic Canada and a major employer in the province. Calibre is a public corporation (TSX:CXB) headquartered in Vancouver, British Columbia with a regional office located in Grand Falls-Windsor, NL.

Additional corporate and Project information is available at [www.calibremining.com](http://www.calibremining.com)

Calibre is currently inviting applications for a **Tailings and Reagent Operator** to join our growing team as the company transitions from mine construction to mine operations.

## **Tailings and Reagent Operator**

Reporting to the Process Plant Operations Supervisor, the Tailings and Reagent Operator operates and monitors the system processing the residue resulting from the crushing, grinding and chemical treatment of the ore. The operator also performs all chemical products preparations. In addition, this role must ensure work is performed in accordance with health, safety and environmental and legislative requirements.

This position is located at the Project site, working on a 2 week in/2 week out rotation.

### **Accountabilities/Responsibilities:**

- Demonstrates leadership in Health, Safety and Environment through personal behaviors and conversations.
- Establish and promotes a respectful and healthy work environment at all times.
- Be a courageous health, safety, and environment leader, adhere to and promote health, safety and environmental standards, policies and procedures.
- Promotes a proactive approach of continuous improvement by reporting all Health, Safety and Environment incidents and communicates solutions.
- Participates in Health, Safety and Environment initiatives, reviews, and investigations.
- Performs pre-operational checks and operates equipment according to standard operating procedures.
- Monitors equipment and processes, and conduct troubleshooting activities when problems arise, interacting with the Supervisor as required to correct.
- Performs plant housekeeping activities as required.
- Completes operator reports and ensure that equipment deficiencies and operational issues are communicated to the supervisor.
- Participates in crew safety meetings.
- Supports maintenance activities as required.
- Completes training modules, exercises and testing required.
- Ensures that the leaching and elution circuit is operating within specified limits.
- Operates small, motorized equipment.
- Communicates with supervisor regarding all aspects of grinding operations.
- Adheres to all company policies and procedures.

- Performs other duties as assigned.

**Education and Experience Required:**

- High-school diploma or equivalent.
- Minimum of 5 years of operating experience in a processing plant, including 2 years of operating experience in the mining industry.
- Experience working in a remote industrial environment will be considered an asset

**Skills and Knowledge:**

- Ability to understand mineral processing theory and practice.
- Familiar with the safe work practices and standard operating procedures of a process plant.
- Knowledge of process plant processes and ability to operate the equipment autonomously at the completion of the training period.
- Ability to recognize hazards in an industrial workplace and understand their role in assessing and managing risk.
- Ability to apply logical thinking to solve problems and “trouble-shoot” abnormal situations to correct mechanical or process problems.
- Mechanical aptitude and ability to perform basic equipment repairs.
- Ability to communicate effectively with operations and maintenance personnel in the course of carrying out the duties.
- Proficient with operating a computer and running process plant applications.
- knowledge of health, safety, and environmental requirements at remote sites.
- Knowledge of the OHS, mining, and construction regulations.
- A valid driver license and a driver’s abstract.

Calibre is an equal opportunity employer committed to local hiring preferences and all applications will be considered on this basis. We value equity and diversity and are committed to creating an inclusive workplace environment for all employees. Calibre reserves the right to hire only those candidates who are appropriately qualified for the position advertised.

Calibre will review all applications; however, we will only contact those candidates who best fit the requirements.
